

Terms & Conditions

I understand and acknowledge that

LIMITATION OF DAMAGES: SomnoMed and the providing dentist specifically agree that (1) the SomnoDent® is not a product of a kind ordinarily acquired for personal, domestic or household use or consumption and (2) damages for any breach of the agreement set out in this document and for the supply of the SomnoDent® shall be limited to the cost of replacing the SomnoDent®.

WARRANTY: SomnoMed warrants all SomnoDents supplied to be free from defects in materials and workmanship for a period of 36 months (for all SomnoDents made during or after January 2010) from the date of delivery to the Providing Dentist, in the case of the SomnoDent® Classic SomnoDent® Flex and SomnoDent® Edent. All SomnoDents made prior to January 2010 are covered under a 12 month warranty period. SomnoMed gives no warranty that the SomnoDent® will be efficacious in the treatment of snoring or Obstructive Sleep Apnea.

- a. The SomnoDent® warranty is invalidated if the patient has subsequent substantial restorative work.
- b. Additionally, the SomnoDent® warranty is covered only for in-mouth breakage.
- c. The warranty covers only repair of the device. If new casts or impressions are required, the warranty is void. In such cases SomnoMed offers to remake the device at a reduced cost.
- d. Warranty repair work may only be completed by the authorized SomnoMed facility at which the SomnoDent was originally manufactured.
- e. Repairs not covered under warranty include, but are not limited to: reset bites, acrylic fracture; clasp repair; wing repair; and other damage not caused by manufacturing defects. For example repairs caused by defective or distorted models, defective or distorted bite records, calculus deposits and device modifications made by non SomnoMed authorized technicians.
